President McKinley is spending the day in New Orleans.

### A BIG PANIC PREDICTED

A Big Strike Is Threatened In Louisville Tomorrow—Will Paralyze Building Interests.

### HEAVY DAMAGES AGAINST AN EDITOR

New Orleans, May 2.—President Wm. McKinley and party are spending the day here sight seeing. They are given an enthusiastic welcome in all parts of the city.

The presidential party traveled across the cotton belt yesterday from Memphis to the Gulf of Mexico. Down the low lying, rich Yazoo valley, fertile as that of the Nile, to Vicksburg, teeming with its memories of thirty years ago, thence to Jackson, the capital of Mississippi, and from there down into the land of the mangroves and the orange to the old romantic city at the mouth of the Mississippi delta, with its traditions of the French and Spanish rule. The outpouring of the people to see the presidential train along the route were larger, if anything, than on the previous day, and the demonstrations at Vicksburg and Jackson, the two principal stops, were very striking. The visit to Vicksburg was in some respects the most interesting yet made. Here a triumphal arch of cotton bales with the words "Expansion" pointing out to the president as he passed under it the path of the new south. Although it had not been intended to make any stops after leaving Jackson, the train was halted at several of the smaller towns where cotton mills are located to permit the president to see and speak to the operatives. At some of the stations the crowds actually impeded the progress of the train, and the engineer was obliged to slow down to avoid running over enthusiastic people. As the sun was lowering the train crossed the bayous with their tangles of moss-covered cypress and live oak, and skirting Lake Pontchartrain steamed into New Orleans.

This is the first time New Orleans has ever had a visit from the chief magistrate of the nation, and it was a royal reception which the old city extended to the president.

### HEAVY DAMAGES AWARDED.

Nashville, May 2.—Gen. John C. Underwood, of Covington, Ky., was today given a verdict for \$10,000 damages against Editor S. A. Cunningham, of the Confederate Veteran, and \$15,000 against Editor Cunningham and the Southern Methodist Publishing house jointly, for libel. The charge of Judge Evans was practically a direct instruction to the jury to return a verdict in favor of the plaintiff. He pointed out sections in Mr. Cunningham's article which he declared were libels against Gen. Underwood on their face.

### PASSED UNNOTICED.

NO ONE SEEMED TO REMEMBER THE ANNIVERSARY OF MANILA BAY.

Washington, May 2.—Though yesterday was Dewey Day, the anniversary of the battle of Manila Bay, no one seemed to know save the admiral himself, and his Chinese servant, who thoughtfully hoisted a flag for the family residence. Even among the officials at the war department, there was no comment about the fact and there was no display of flags or any indication of national recognition of the destruction of the Spanish fleet. The dinner last night for officials that participated in the battle was the only celebration.

## PRIVATE CAR CRUSHED

WHITELAW REID RECEIVED AN UGLY CUT AND A FIREMAN WAS KILLED.

Emigrant Gap, Cal., May 2.—In the darkness of the smoke sheds a Raymond excursion train ran into the rear end of the limited train, No. 2, at Youba Pass, four miles east of here. The private car of D. O. Mills was on the rear of the limited and was badly damaged. Fireman James Saunders, of the Dalles, Ore., was instantly killed, and many passengers and many of the train crews were badly injured. D. O. Mills and his grand-daughter and Whitelaw Reid and wife had just seated themselves at the dining table in the rear of their car when "the crash came." All were more or less bruised and scratched, but none was seriously injured. Whitelaw Reid received an ugly cut in the face.

## TEACHERS VICTORIOUS.

THEY WIN IN THEIR FIGHT AGAINST THE ILLINOIS BOARD OF EQUALIZATION.

Springfield, Ill., May 2.—The Chicago school teachers have won their fight against the state board of equalization and the twenty-three great franchise corporations of Chicago. Judge Thompson, in the circuit handed down a decision of 20,000 words, in which he grants the writs asked for by the teachers to compel the board of equalization to list for taxation the franchisees of these companies. The decision is clear cut and signals out the great principles at stake, and finds explicitly that the law demands the board to do just what the teachers have contended it should do. This is a victory for teachers throughout the state.

## TROUBLE OVER

The Illinois Central Machinists' Demands Were Acceded To.

### THERE WILL BE NO STRIKE

The Matter Quickly and Quietly Adjusted Without Any Ill Feeling Between Either.

### LATE NEWS OF THE RAILROAD

The threatened trouble between the Illinois Central railroad and the machinists has been quietly and agreeably settled. The terms made were as follows: The rate of pay for all machinists, blacksmiths and boiler-makers who are not receiving 30 cents per hour will be increased five per cent on the dollar and an increase of two and one-half per cent made to all helpers of the machinists, blacksmiths and boiler-makers. This rate was accepted the 30th by the committee and it is effective May 1st and after. The bulletin announcing the increase was posted in the shop yards this morning at 5 o'clock and everybody seemed satisfied. The local employes have never appeared dissatisfied with the former rate of pay and when informed of the increase seemed to look upon it as an unsolicited raise.

The Illinois Central has always done the right thing by its employes and has always been more than willing to settle all grievances quietly, and this late settlement bespeaks much for the skillful management of the affair and the company's willingness to do the right thing.

Superintendent H. U. Wallace arrived in the city last night.

Train No. 104, the fast east bound passenger from Memphis, was delayed three hours and 40 minutes by some little trouble on the road last night. The trouble was not of a serious nature.

A list of rules and regulations of the railroad employes was posted about the shops this morning. There are about 15 clauses in the bulletin, all relating to the hours of labor and the regulations relating to leave of absence, etc. All are effective on and after May 1, 1901.

The new law requiring railroads to report all accidents to the Interstate Commerce commission at Washington is now in effect. The law requires every accident to be reported. The commission is now receiving suggestions from railroad managers as to the form of reports. It has been suggested that no accident be reported where the loss does not exceed \$100, and where the employe in case of accident is not detained from work more than five days. The railway unions believe the new law will have a good effect in making employes more careful and railroads more solicitous about equipment.

Superintendent H. U. Wallace, of the Louisville division, will move his family from Chicago to Louisville the latter part of next week.

Conductor Felix Wright, of Fulton, was called to Memphis to take charge of the run on the fast train from Memphis to Cairo, succeeding John Barry. Hallie Hill takes Mr. Wright's run from Cairo to Fulton, and Ab Tier is put on a through passenger run from Jackson to Cairo.

Conductor John Alexander, the well known freight conductor of the Illinois Central, who is in business at Bradford, Tenn., while off duty on an eighteen month's leave of absence, shot and killed a negro in self defense night before last, says the Fulton Leader. The negro came into Alexander's store drunk and while negotiating for some article began a dispute with the clerk who was waiting on him. In the fight which ensued the negro knocked the clerk senseless with a hoe handle which he seized. Alexander rushed to the aid of the clerk, when the negro drew a pistol and shot Alexander through the hand. Alexander pulled his gun and shot the negro dead. A coroner's jury exonerated Alexander.

Roadmaster L. A. Downs, of the Louisville division of the Illinois Central railroad, is in the city.

## ONE OF PRIVATE ALLEN'S FUNNY STORIES.

The retirement from the house of representatives at the close of the present congress of John M. Allen, of Mississippi, will terminate all hope of Washingtonians to hear fall from his lips more of those humorous phrases of this wag's invention which, like the sallies of poor Yorick, were wont to set the table on a roar, relates the New York Press. One of his good stories is this:

"Before my election I came home one night and found that while I had been off on my campaign the leaders of our party had organized a Cleveland, Hendricks and Allen club, and they were to have a meeting that night I went, and when they got through speaking they called on me. I expressed my convictions, and said what I wanted them to do for me when the election took place, in about two weeks. There were a good many colored voters present, and I wanted to get them interested; so I got the boys to call on Jim Cummings, an old, slim colored man. Old Jim got up and said:

"Well, gentlemen, youse heard Mr. Taylor and Mr. Anderson on the politics of the day. They's told you what sort of a man Blaine is, and it don't look to me like no honest man ought to have any trouble in picking out between them two. You have also heard Mr. Allen orate about himself; and he has recommended himself so much higher than the balance of us can recommend him that it sint with while for me to say anything much about him."
